

## SUMMER LEADERSHIP CONFERENCE PLEASE REGISTER by JUNE 9!

We are reaching out to all Education Support Professionals -- our ESP members -- to invite you to our *Summer Leadership Conference* to be held virtually **July 21 and July 22. It is FREE!**

We have a SPECIAL track of sessions just for you this July. All the popular sessions are returning also -- Treasurers' School, New Presidents' Track, bargaining sessions, Communication School, and legal updates. We also have some new sessions -- Secretaries' School, Fair School Funding, Social Media and Advocacy, and a time management session. There is something for everyone!

Here is the ESP Track --

### **Look at the Union Opportunities for You! How to Be Involved at Every Level**

Are you an Education Support Professional (ESP) who is looking for new ways to be involved in your local or at another level? This session will outline the various options opened to all ESP members in order to take better advantage of your membership and enhance your skill set.

### **Effective Representation of Diverse Constituencies and Bridging Different Groups**

Don't be intimidated—you're equal to them under the law! Participants will learn how to represent firmly, fiercely, and professionally. This session is designed for our ESP members.

### **Let's Run Local Elections**

Fair local elections are at the heart of effective governance. Maintaining the integrity of the elections and secrecy of the ballot are paramount. Find out how to conduct local elections and use the OEA Elections Manual to avoid election challenges and protests. This session is perfect for all leadership and elections chairpersons.

This does NOT prevent you from joining any session of your choice. We just wanted to alert you to the ESP topics specifically! Looking forward to seeing you in July!
